

AcmeNet Support Policy

Support Tiers

AcmeNet offers three support tiers. Standard support responds within 24 hours. Premium support responds within 12 hours. Mission Critical support provides 24/7 technical assistance.

Return Policy

Hardware returns are accepted within 30 days of purchase, subject to inspection. Return shipping is provided free of charge. A restocking fee of 15% applies.

Extended Warranty

Under the AcmeNet Standard Warranty, parts and labor are covered for 3 years. The Extended Warranty extends this coverage to 5 years. This differs from the original warranty in that it includes longer term labor coverage and the original warranty is voided.

Escalation

Unresolved issues are escalated to the next support tier. Critical incidents are escalated immediately to a dedicated escalation team. Critical outages are handled by the highest support tier available.

Service Credits

If AcmeNet is unable to resolve a service issue within the agreed SLA, a service credit will be issued. The credit is equal to 10% of the monthly service fee for the duration of the single month of downtime.

Data Handling

Support engineers do not have access to customer data. All customer data is retained in encrypted form. Data is not shared with third parties without written consent. AcmeNet is ISO 27001 certified.
